**JUMP STEP**

INTELLIGENT DESIGN MEANS THE IDEAL LIFE

## The beauty of marble... satisfies your taste

We provide integrated, professional-level marble solutions, including interior and exterior finishes with modern touches and high quality. We help you choose the right types of marble and effects for each space, resulting in lasting elegance and beauty that reflects your taste. We offer the best types of marble available on the market and execute our work to exacting standards, meeting our clients' expectations.

## our services

- High-quality interior and exterior marble installation.
- Coordinating marble colors and types according to spaces and nature of use.
- Implementing artistic effects (natural, artificial, matte, glossy marble).
- Installing heat- and moisture-resistant marble.
- Recladding and renovating old properties with marble.

### ♥ **White Marble Mixed with Gray... Luxury that Speaks in the Details**

White marble with its gray lines is more than just a natural stone—it's a symbol of sophistication and uniqueness.

With its elegant luster and subtle tones, it adds a sense of serenity and spaciousness to any space.

It highlights the beauty of both modern and classic designs, reflecting light to give the space a natural radiance that adds depth and elegance.

It blends beautifully with light wood, golden metals, and even dark decor, creating a balanced visual palette that reflects exceptional taste.

**MB-2**

**Product code: No: Jum-MB-250002**

Colors used in  
marble:

### **🌿 Marble... The elegance of nature in its finest details.**

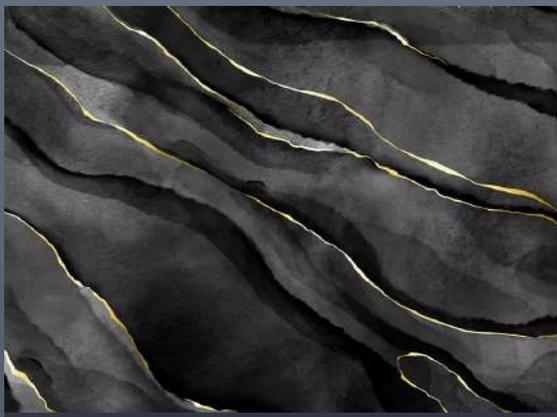

This unique marble combines a calm cream base with natural veining in warm orange, deep brown, and elegant gray, in an artistic palette crafted by nature over time.

It gives spaces a sense of richness and warmth, blending seamlessly with natural wood, golden lighting, and modern or classic designs.

Ideal for luxurious floors, kitchen countertops, or walls seeking an unforgettable touch of distinction.

It's not just a stone...it's a piece of art that lends a sophisticated presence that grows more beautiful with age.

**MB-4**

**Product code: No: Jum-MB-250006**

Colors used in  
marble:

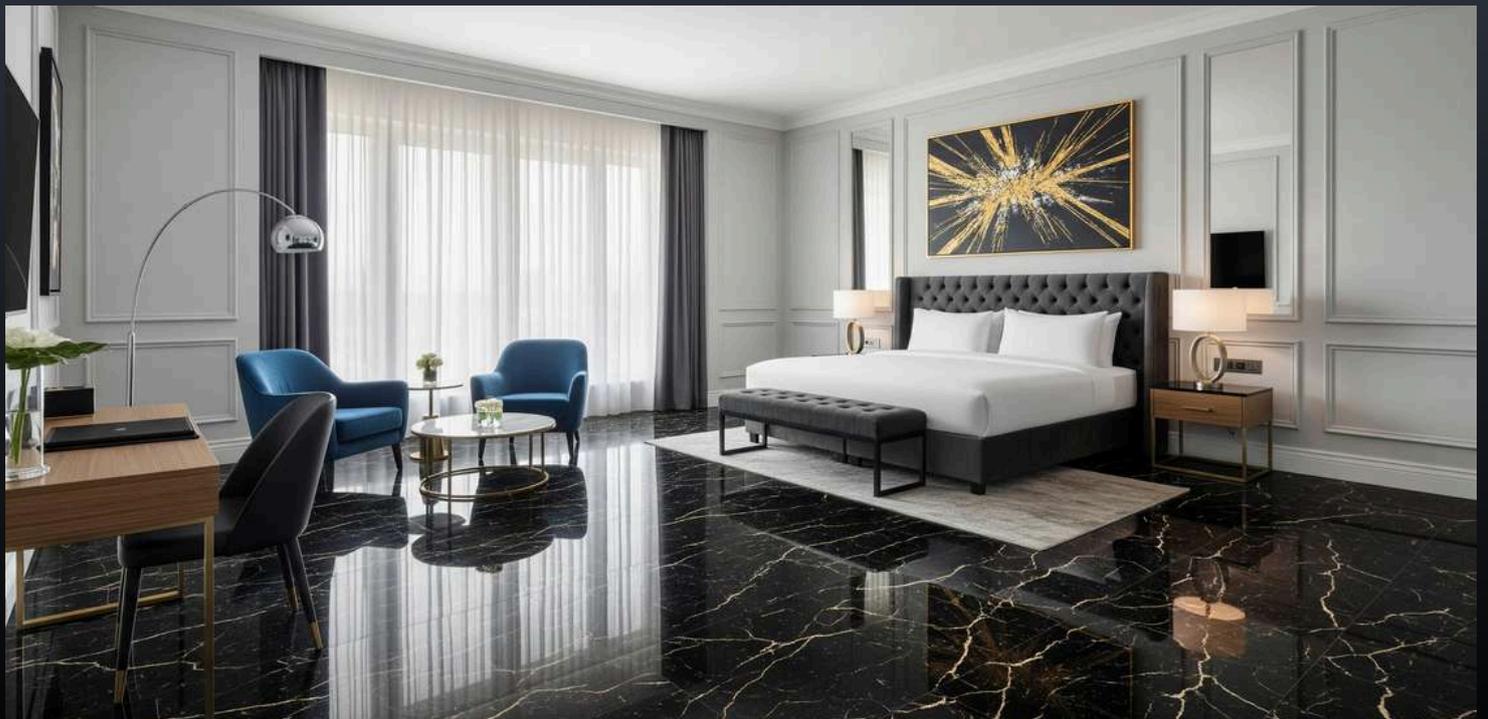

### ✦ **Marble... The depth of luxury and the brilliance of uniqueness**

A captivating design that combines layers of black and deep gray, interspersed with shimmering golden lines like threads of light piercing the rocks of time.

It gives spaces a majestic presence and a sense of richness, where modernity meets a timeless classic touch.

Ideal for feature walls, reception tables, or floors seeking a dramatic, sophisticated touch.

It's a stone that doesn't just become a part of a space... it creates its identity.

**MB-8**

**Product code: No: Jum-MB-250008**

Colors used in  
marble:

## **Marble... The warmth of the earth and the elegance of nature**

With its warm beige colors and brown veins scattered like lines carefully drawn by nature, this marble exudes a sense of comfort and luxury at the same time. Combining visual softness with practical strength, it's an ideal choice for floors, kitchen countertops, or walls seeking a sophisticated, natural touch. It blends seamlessly with wood, earthy tones, and natural light, creating a tranquil environment that embraces beauty without pretense. It's a stone that tells the story of the earth... giving your space an unforgettable, warm identity.

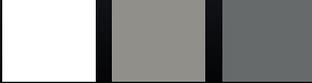

**MB-10**

**Product code: No: Jum-MB-2500012**

Colors used in  
marble:

### ✿ **Marble... A balance of strength and beauty**

An elegant gray base interspersed with white veins that intertwine like threads of light, adorned with warm orange accents that add depth and vibrancy to the design. This marble combines the coolness of modern colors with the warmth of natural details, giving spaces a majestic presence and a unique artistic touch. Ideal for distinctive walls, luxurious floors, or surfaces seeking a blend of luxury and boldness.

It's a stone that tells the story of nature... making every corner a masterpiece worth contemplating.

**MB-15**

**Product code: No: Jum-MB-2500013**

Colors used in  
marble:

### **Marble... The flow of luxury and the spirit of depth**

A captivating design resembling the movement of waves embracing the shore, with shades of deep blue blended with elegant black, interspersed with soft white touches that give the scene a sense of movement and life.

It combines enchanting tranquility with visual power, giving spaces a contemporary character with a unique artistic touch.

Ideal for feature walls, display tables, or spaces seeking a focal piece that catches the eye.

It's not just stone... it's a natural canvas pulsing with energy and beauty.

**MB-14**

**Product code:** No: Jum-MB-2500014

Colors used in  
marble:

### ✦ **Marble... Warm colors and elegant flow**

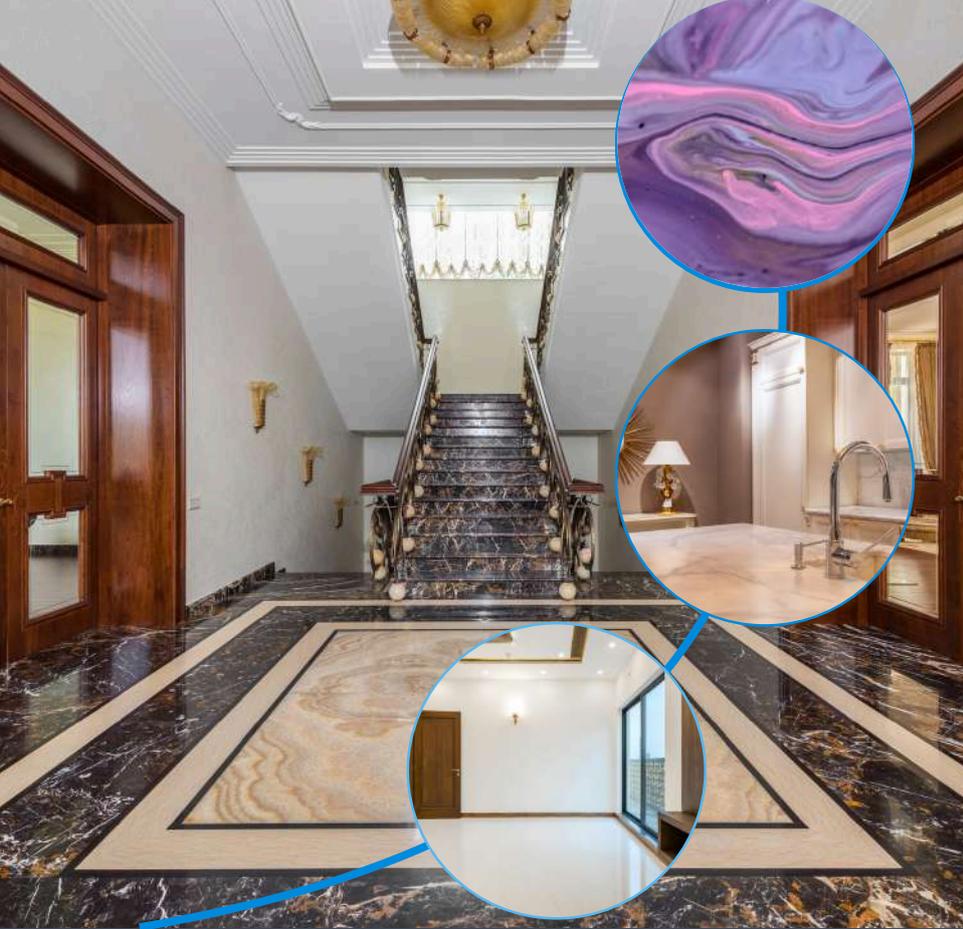

Warm peach hues blend with pure white in a natural palette that exudes calm and sophistication.

A design that adds a relaxing yet vibrant touch, transforming any space into a sophisticated and radiant environment.

Ideal for luxurious floors, distinctive walls, or surfaces seeking a warm, contemporary touch.

It's not just stone...it's a sense of comfort and beauty embodied in every detail.

### Book an appointment

Contact us to schedule an appointment

### Attendance of engineers

Take details of the space and determine the appropriate type of marble based on the use and interior or exterior design.

### Submit the report

This includes explaining the types of marble selected, and suggesting methods for installing and distributing them on floors, walls, and surfaces.

## End of the catalog... and the beginning of your practical experience

In the world of finishes, marble is a key element that reflects your taste and the elegance of your space. At Jump Step, we don't offer random solutions. Rather, we believe that every step in selecting and coordinating marble types is a story in itself, told with elegance and professionalism.

Through this catalog, we have sought to simplify your experience and make it more intuitive, from selecting the right type of marble to completing your home or commercial space. Our goal is for you to feel confident and find in our options what meets your vision and aspirations.

- ✓ Professional service from marble experts
- Thoughtful steps that guarantee quality and precision
- Complete follow-up from reservation to final delivery

Whether you're looking for a modern, classic, or distinctive design... "Jump Step" is your companion every step of the way.

Start here, and make every color a step toward comfort and beauty.
